Tecnologías Multimedia - Study Guide - Milestone 1: Git and GitHub

Vicente González Ruiz - Depto Informática - UAL

September 7, 2020

1. Description

To work in the InterCom project [6] you will need to understand the basics of Git and GitHub.

2. What you have to do?

1. Have a look the Git [3, 2] and the GitHub [4] websites. If you don't have a GitHub account, please, create one.

2. Create a test project at GitHub using your account. See [1].

3. See The Fork and Branch Git Workflow [5].

4. Make a fork of the InterCom [6] project.

3. Timming

You should reach this milestone at most in one week.

4. Deliverables

None.

5. Resources

[1] Github - the Hello World guide.

[2] Git - Book.

[3] Git.

[4] GitHub.

[5] The Fork and Branch Git Workflow.

[6] The students of Tecnologías Multimedia at the UAL. The InterCom project.
